

# Robo RITA Is Changing How Healthcare Is Delivered!

Introducing the new Robo RITA (Remote Intelligent Telemedicine Assistant) telemedicine device that allows patients to speak with a Healthcare Professional anytime 24/7!

With RITA, you can easily connect with a licensed, qualified Healthcare Professional to:

- Discuss your medical concerns and get immediate feedback
- Receive personalized treatment plans
- Get your prescriptions refilled while you're on the road
- Say goodbye to long wait times and inconvenient appointments
- Experience the convenience of virtual healthcare

Become a licensee of a RITA device and share in the Revenue streams that RITA produces (telehealth calls, advertising, online product sales).

We build it, find the location, maintain it, and provide the national network of healthcare professionals.

You can be part of the healthcare solution that millions of travelers and remote area patients need!

Our cutting-edge technology allows for virtual consultations with licensed medical professionals, providing you with convenient and reliable healthcare options.

## 1

RITA works through a secure online platform that connects patients with licensed medical professionals.

## 2

Patients log in to the platform and schedule an appointment with a Healthcare professional who specializes in their specific medical needs.

## 3

Patients share information about their symptoms, and the provider provides a personalized treatment plan.
